Student Attendance

Your student's first and most important job is to attend school each day! Consistent and punctual attendance will give your student the best opportunity to learn the skills, strategies and experience needed to grow academically, socially and emotionally. Regular and prompt attendance is a habit that will carry over to college, and/or to careers. If students are frequently absent and/or tardy, progress will suffer. Make up assignments for excused absences may help gather some class points back, but they can never substitute for the actual in-school experience.

Time for School

Please do not drop your children off prior to 7:45am as there is no supervision during that time. Students dropped off between 7:45-8am will proceed directly to the cafeteria for breakfast and any announcements that need to be made. "Breakfast recess" occurs between 8:00am and 8:15am. Students are in class when the "tardy" bell rings at 8:20 a.m. All grades, K-8, dismiss at 2:50 p.m. except on Wednesdays when dismissal time is 12:50 p.m. There are important activities and announcements at the start of each day so please have your students on campus on time each day. "Minimum Days" occur right before school breaks and those days are a 1:00pm release time.

Absences

California law defines an absence as any break from school that is 30 minutes or more. Parents/guardians are required to call or write a note each time their student is absent.

Excused Absences

By California law, parents/guardians may only excuse ten (10) sick days without a doctor's note. After the 10th day, California Education Code requires our school to obtain a doctor's note each time the student is ill. If we do not receive a note from the doctor, the absence is considered unexcused.

Unexcused Absences

Students are allowed 3 unexcused absences ("truancies") per school year. After 3 truancies, the school is required to initiate the Student Attendance Review Board (SARB) process. Please see below.

Tardies and being Late

If your student is tardy they must go through the office to receive a "tardy slip" before going to class. three or more tardies can result in pink slips being issued and/or meetings with staff or administration. Habitual or truant students on an Interdistrict transfer from a different home district could face the revocation of their transfer to Richfield.

Please note: we understand that sometimes folks run late. However, excessive tardies halt office staff productivity, and also affect the learning of other students. Office staff must stop their normal duties to facilitate the late student and write the "tardy slip". Late students require the teacher to repeat the morning announcements, recount the lunch numbers and re-explain assignments which takes away learning time from other students.

Punctuality, Excessive Absences, SARB and the Tehama District Attorney's Office.

Richfield Elementary is required to work closely with the Tehama County Department of Education, and the District Attorney's office after 3 unexcused absences (truancies). The School Attendance Review Board (SARB) and/or the school may assign counselors and/or sworn detectives to work with families to help find ways to ensure students are in school to receive an education.

Independent Study

Independent study is available for absences of five days or longer. Arrangements for independent study

must be made prior to the absence. Teachers need at least two days prior notice to prepare the independent study plan and work packets. Students must complete the assignments and submit them to the teacher upon return to school in order to avoid their absence being considered “unexcused”. RESD supports our students who participate in 4-H and show/sell animals. Please contact the office for additional information on fair animals/showing etc.

Appointments, Early Pickups and Notes

Please send a note if your student is to leave school early for a doctor or dental appointment. The morning hours are normally devoted to academic subjects, therefore, afternoon appointments are less disruptive to your student’s education and staff. Parents must sign their student out in the office when they pick them up for any reason before the end of the school day. Written permission notes are required for parents to pick up and transport students other than their own.

Breakfast and Lunch - ALL PARENTS, PLEASE FILL IN THIS APPLICATION!

School meals, including lunch and breakfast, are available at no cost to all students. Milk ordered as a separate item, rather than part of a set meal, is 50 cents but is free if they also take a fruit and vegetable. Please send milk money on Mondays. Although school meals are available at no cost to students, our school funding is still tied to filling out the family free/reduced meal application linked above.

Regardless of your income status, it is very important to fill in the application above. Your submitted application also affects school funding and helps our school become eligible for grants, resources and extra funding to support low-income students/families. By applying for meal benefits you may be eligible for P-EBT funding.

To accommodate students with special diets, a [meal accommodation form](#) must be completed and signed by a licensed physician every school year.

Due to federal/state food safety guidelines, and because of allergy/safety issues, students are not allowed to share their food or take cafeteria food home.

Medications at School

If your student needs to take medication during the school day, a physician must authorize it. The Education Code states “any pupil who is required to take, during the regular school day, medication prescribed for him/her by a physician, may be assisted by the school nurse or other designated personnel if the school district receives (1) a written statement from a physician detailing the method, amount, and time schedules by which such medication is to be taken, and (2) a written statement from the parent or guardian of the pupil indicating the desire that the school district assist the pupil in the matters set forth in the physician’s statement.” A [medical authorization form](#) is available at the school which, when completed, meets the medication requirement. After the parent/guardian completes their section of the form it can be faxed to the physician to complete. Please be aware that this also applies to over-the-counter medications (Tylenol, cough syrup, etc.) and/or emergency medications including inhalers and Epi-Pens. Under no circumstances will any medication be given at school unless the Education Code for administration of prescribed medication for pupils is followed. **IMPORTANT:** If your child does not require medication at school but has any of the following conditions, please notify the school ASAP: allergy to bee stings, asthma, seizures or other significant health concerns. An individual plan concerning the health issue will be developed for these children. If you have any questions or concerns, please call the school at 824-3354.

Immunizations

The California School Immunization Law requires that children be up to date on their immunizations (shots) to attend school. Diseases like measles spread quickly, so children need to be protected before they enter. California schools are required to check immunization records for all new student admissions

at Kindergarten or Transitional Kindergarten through 12th grade and all students advancing to 7th grade before entry. To attend school, your child's Immunization Record must show the date for each required shot above. If you do not have an Immunization Record, or your child has not received all required shots, call your doctor now for an appointment. A personal beliefs exemption is no longer an option for entry into school; however, a valid personal beliefs exemption filed with a school before January 1, 2016 is valid until entry into the next grade span (7th through 12th grade). Valid personal beliefs exemptions may be transferred between schools in California. For complete details, visit www.shotsforschool.org. If your student has a valid medical reason(s) to not receive certain immunizations please follow the waiver process outlined at the [California Department of Education website regarding waivers](#).

Hearing and Vision

In accordance with the California Education Code 49455 and 49452, student hearing and vision screenings will be provided at school entry TK/K, 2, 5, and 8th grades and to all students enrolled in special education as required for their Individualized Education Plan (IEP). Additionally, hearing and vision screenings may be provided to any student who exhibits signs and symptoms of vision or hearing problems. Parents may opt their child out of any non-emergency, invasive physical exam or screening required as a condition of attendance, administered by the school or its agent, and not necessary to protect the immediate health and safety of a student, including hearing or vision screenings permitted or required under State law. Parents have the right to have their child's vision or hearing tested outside of school (at parents' expense), to meet the States law requirement. If a parent wishes to opt out of screenings, please notify School Nurse in writing

Health Examinations

State law requires students to have a health examination six months prior to entry to school or within 90 days of the start of the first grade, whichever is later. Parents can sign a waiver on religious grounds to be excluded from this requirement. However, if parents do not sign a waiver or do not comply with the law, their students will be excluded from school for five days. Notice will be given if that action is pending

Dress Code

Please remember, Richfield is an Elementary School. As such, please work with your students to ensure their clothing is appropriate for a traditional community such as ours and recall that Richfield serves children from ages 4-14. Any questionable item of clothing will be checked by school officials and if the garment is deemed inappropriate or a distraction, the student will be given the choice to call home for another garment or wear appropriate garments supplied by the school. 5. No sodas or energy drinks in the cafeteria during breakfast or lunch.
6. The cafeteria must be notified of any class parties etc to ensure there is an accurate lunch count.
7. Water bottles should be labeled .

Bullying

Bullying is not permitted on the RESD campus. It is very important for your student to immediately tell an adult on campus if they feel they are being bullied. If possible the student needs to also “use their words” to ask that the behavior is stopped. Bullying is unwanted, aggressive behavior that involves a real or perceived power imbalance. Kids who bully use their power, such as physical strength, popularity, access to embarrassing information, exclusion from games or friendships etc. to control, deprive or disparage others. Power imbalances can change over time and in different situations, even if they involve the same people. Bullying also includes repetition. RESD has established an anonymous bullying reporting system on our [school web page](#) in case a student is not comfortable talking to an adult. The link is found under the “students” tab.

School Discipline and Common Beliefs

The staff at Richfield School agree that a common set of beliefs about discipline is important to encourage positive student behavior. The following is a list of those common beliefs. These beliefs are posted in most classrooms and throughout the campus. The staff may refer to them when administering discipline.

1. We believe that students should be guided and expected to solve the problems they create without creating problems for anyone else.
2. We believe that we should make every attempt to maintain the dignity of both the student and the adult during a disciplinary situation.
3. We believe that students should see a reasonable connection between their actions and the consequences that follow.
4. We believe in creating an environment that encourages mutual respect amongst all individuals.
5. We believe that students should be given opportunities to make decisions and live with the consequences, be they good or bad.
6. We believe that the adult’s emphasis should be placed on helping students learn to problem-solve and to adopt new behaviors, instead of making students “pay” for past misdeeds.
7. We believe that students should have an opportunity to invoke simple “due process” meetings if they believe that consequences are unfair.
8. We believe that students should know they will face consequences if they misbehave.

When a student chooses to disobey school rules, various consequences can result from their decision. These consequences can include but are not limited to verbal warnings, chats with staff or administration, campus clean up during recess and/or lunch, writing “Raider Rethinks” or “incident reports” in the office, after or before school time outs, working in the cafeteria, repairing what they damaged, recess detention, or other “restorative” activities meant to restore trust with the victim or the school.

Pink Slips

It is important for parents to communicate regularly with students not only about their academic progress, but also their behavior while at school and school discipline. Pink slips normally result when verbal warnings have not worked. Exceptions are when the behavior occurred when there was no time for warnings or the infraction was significant. Three Pink Slips will result in loss of the next reward party. The most common procedure for the pink slip process is below.

1. Staff member explains the rule violation and informs the student of the pink slip.
2. Staff member fills out the pink slip document, gives the pink portion to the student, keeps the yellow portion and sends the white copy to the office.
3. Principal or designee reviews, assigns consequence - Normally 3 recess duty detentions.
4. Parents are notified via a personal call or an automatic call that goes home after 5pm.
5. Parent/guardian acknowledges receipt by signing the pink copy and returns it to school with the student.
6. Students will usually receive three recess detentions per pink slip. The most common recess detention is campus clean-up, helping in the cafeteria, or other forms of “restorative” activities.

Referrals

Referrals result in the loss of the next reward party. Depending on the severity and individual circumstances of the incident, students may spend time in an alternate classroom. Administration reserves discretion.

Suspension

A suspension carries the above consequences plus the student is kept at home. With limited administrative discretion, a student may go directly to suspension or expulsion for the following infractions or others deemed appropriate:

- Caused, attempted, or threatened physical injury to another person.
- Willfully use force upon another person.
- Possession or use of a weapon of any kind.
- Possession of a controlled substance or alcohol.
- Possession of tobacco.
- Committing a robbery or extortion.
- Stealing or attempting to steal property.
- Committing an obscene act or engaged in habitual profanity or vulgarity.
- Possession of an imitation firearm.
- Sexual/racial harassment.
- Dishonesty, such as cheating or furnishing false information.
- Bullying—See definition in “Bullying” section.

Classroom Rules

All school rules are based upon the “common beliefs” outlined above. Each teacher uses these principles to develop their own specific classroom rules and requirements. The teachers at Richfield have very high expectations and support the students to reach those high expectations. Students are free to discuss expectations with classroom teachers at a time deemed appropriate by the teacher, NOT when a consequence is being delivered. Arguing will not rescue a student from a consequence and often leads to additional consequences.

Student of the Trimester

Each Trimester, our teachers recognize one student as Student of the Trimester. These students will be honored for their hard work throughout the trimester. They normally enjoy pizza with the principal and

a picture in the local paper.

Mid Year/End of Year Reward Parties/Field Trips

RESD holds mid and end of year reward parties/field trips for all students who demonstrate good behavior and citizenship consistently. All students are eligible to attend as long as they don't have 3 pink slips, or 1 referral, or 1 suspension. Additionally, students may not be able to attend if they have a D or F on their Trimester AR grades. Eligibility "resets" after the winter break for the spring semester.

Bus Rules and Expected Behaviors

Please Note: Riding on the bus is a privilege offered by the district. Repeated bus violations will result in the loss of this privilege. The law does not require schools to provide bus transportation.

1. To receive transportation, students are required to be at their bus stop at the scheduled time.
2. Students should remain at least six feet from the edge of pavement while waiting for the bus.
3. Students must sit in their assigned seats unless given permission by the driver. Seating charts will be developed and updated periodically.
4. When on the bus, students should keep voices low enough so that the bus driver can be heard at all times. Yelling/loud talking & laughing or unnecessary noise or action diverts the driver's attention and is unsafe.
5. No eating or drinking is allowed on the bus except under special circumstances such as when an approved item is provided by the school
6. Students are to remain seated at all times and facing forward when the bus is moving
7. Throwing of any items in, at, or around the bus at any time is not permitted.
8. No animals shall be transported on the school bus.
9. All parts of the body (Hands, feet, head etc) must be kept to self and remain inside the bus at all times: no hanging out of windows.
10. Clean your area when you leave the bus, look for wrappers etc to pick up to throw away.
11. Students must go immediately home after being dropped off from the bus in the afternoon.
12. All riders are expected to board and leave the school bus at their regularly assigned stop at all times. Exceptions are ONLY permitted when a note is given to the front office, who then gives written authorization to the bus driver. Without such authorization, bus drivers cannot permit children to enter or leave at other than their regular stop.
13. State law requires all children to cross streets in front of the bus when exiting—never behind with exceptions, such as a marked crosswalk.
14. RESD does not offer bus transportation for students living closer than one mile away from campus.
15. Preschool children and visitors are prohibited from riding the school bus at any time.
16. For safety reasons, walkers and bike riders must remain in the designated area until the bus leaves.
17. Signed notes are required if your child is to be let off at a different bus stop or to ride with another parent or relative after school.

In addition to bus rules above, all regular school rules outlined under "discipline" above, and their consequences apply when on the bus. Progressive discipline including verbal warnings, mandatory permanent or semi-permanent seat changes, parent conferences, short and/or long term removal from bus privileges are all possible consequences. Individual circumstances and consequences may vary depending on the severity repetitive nature of the infraction(s).

Skateboards/Scooters/Rollerblades/baseballs/bats equipment etc

Due to safety reasons, skateboards, scooters, rollerblades, and heellies, are not allowed on campus. If the student has practice or a game that day, baseball/softball bats must be stored in the office or given immediately to the teacher for safe storage.

Cell phones and other outside technology

Students are not allowed to use cell phones or other personally owned technology when on campus. Students using “smartwatches” for communication/games etc will be treated as though it was a cell phone. Visible cell phones, cell phones that create audible noise inside of backpacks, and/or smart watches being used (other than for telling time - use the “always on” feature so no buttons have to be pushed) will be confiscated. Infractions for use of these items on campus are as follows:

- 1st infraction: item will be confiscated and held in the office until the end of the school day.
- 2nd infraction- item will be confiscated, pink slip may be issued, and the phone will be held until the parent picks up the device.
- 3rd infraction- item will be confiscated and held until parent picks up device and student earns a referral (reward party loss). Further infractions will result in progressive discipline up to referral/suspension etc.
- If a student is intentionally breaking the rules to “sneak” the use of the phone/watch inappropriately a pink slip will also be issued on the first offense.
- Students have a right to privacy on campus during the school day. Posting on social media depictions of students in class, at lunch, on the playground etc is a violation of privacy and will result in pink slips with additional recess detentions and/or referrals on the FIRST INFRACTION.

Valuable Items on Campus

Students should not bring valuable personal items or large sums of money to school. The school is not responsible for lost or stolen items. Further, the school does not have the time or manpower to stop normal operations to launch investigations to recover items that should not have been brought to school in the first place.

Field Trips & Other Incentive Trips/Excursions

Field Trips are part of the Richfield experience. Most field trips are academic in nature and others are for reward purposes. Students must qualify for the reward trips as outlined in those sections of the handbook. As much as possible, the staff at Richfield will include all students on academic field trips. If a student has proven to be a safety or flight risk. (i.e. will not follow directions or stay with the group) the parents may be asked to accompany the child if they are to participate or the child may not be allowed to attend. Some field trips will utilize parent drivers. Parent drivers must provide the office with proof that they have the necessary insurance coverage at least two days prior to the event in order to drive other students. The policy limits/coverages needed to be a parent driver are: Bodily Injury 100,000 each person. \$300,000 each occurrence. Property Damage \$50,000 each occurrence. Combined Single Limit \$300,000 each occurrence.

When the school is using parent drivers, the drivers must stick to the itinerary. Unscheduled stops are not permitted unless there is an emergency. When using bus transportation, all students attending the field trip must ride the bus.

In limited circumstances, if seating permits and with clearance from the school, parent chaperones may ride the bus, but we cannot allow non-Richfield students/siblings to ride along. If there is not enough room on the bus, chaperones will be asked to follow the bus in their personal vehicles. Students may be permitted to ride home with the parent chaperone if they have cleared it with office/administration prior to the field trip. Sign out sheets will be available. Students who make honor roll & honorable mention the 1st and 2nd trimesters are eligible for the annual skating trip.

Staying Behind on Reward Trips

Students who do not qualify for special event trips, including reward parties, are expected to be at school and will be provided with appropriate assignments in an alternate location if needed. If the student has lost the privilege of attending the reward trip, they still must attend school and all illnesses on special event days require a Dr.'s note or the absence will be unexcused. Unexcused absences on reward days normally result in the student being ineligible for the next reward party ("No Rescue" policy). If they are an 8th grader, they could miss their year-end trip, graduation party or another consequence as deemed appropriate by site administration.

Eighth Grade Discipline and Graduation Requirements

Eighth graders are the leaders on our campus. They are expected to act as such in order to graduate and earn a Richfield diploma. Eighth graders are role models for all of the younger students on campus. Any referral earned by an eighth grader during the 3rd Trimester will count against 8th grade privileges. Eighth graders who receive two or more major infractions during the 3rd Trimester of their 8th grade year can expect the following penalties: **3 pink slips, 1 referral or 1 suspension are considered "majors" for the purpose of the steps in the 8th grade discipline policy. Principal may advance a student more than 1 step for earning certain referrals or suspensions.**

- **1st major: Loss of Swim party, counseling, parent call, recess/restorative consequences**
- **2nd major: Loss of 8th grade year-end "skip-trip".**
- **3rd major: Barred from participation in the graduation party.**
- **4th major: Barred from participation in the graduation ceremony.**

Graduation & Academics

8th graders must average a 2.0 GPA for the school year with no "F" grades in the last trimester to qualify for the graduation ceremony and celebration.

Graduation Dress Code

Our school's eighth grade graduation is to reflect a dignified, friendly and warm atmosphere. In keeping with this atmosphere the board has adopted the following guidelines for graduation dress:

Girls:

1. Shoes should be flat or with low heels.
2. No strapless dresses allowed.
3. No shorts, hats, or sunglasses.

Boys:

1. Clean tennis shoes or dress shoes. Tennis shoes can only be black and low tops.
2. Shirt with collar, ties suggested, dress pants or black jeans.
3. No shorts, hats, or sunglasses

PTO and Classroom Volunteers

Richfield School has great participation in and support from the PTO. Meetings are typically held on the second Tuesday of the month at 6 p.m. Please reach out to the office and sign up to become a PTO member! If you are interested in volunteering in the classroom, please first ask your child's teacher if they'd like the help. If so, please stop by the office to learn a little bit more about short-term versus long term volunteering.

Lost and Found

Every year there are hundreds of coats, sweaters, and various articles of clothing left out on the

playground. Please label your student's jackets, sweaters etc. to give us the best chance of reuniting students with their lost clothes.

California State Standards and our Curriculum

Richfield's curriculum is based on the National Common Core Standards. The State of California has modified the national standards as allowed by law. For further information about these Standards, please refer to the California Department of Education website at www.cde.ca.gov.

Grading Policy

Grades are subject to each teacher's individual system within the following guidelines:
Grades Kindergarten through Third utilize the O/G/S/N system.

“O” Outstanding: Work consistently exceeds the minimum requirement.

“G” Good: Work consistently meets the minimum requirement.

“S” Satisfactory: Work generally meets the minimum requirement.

“N” Needs improvement: Student is making little or no effort to meet the minimum requirements.

Fourth Grade begins the letter grade system; A, B, C, D, and F without a GPA calculation. Grades 5th through 8th utilize the letter grade and calculate a GPA for extra curricular participation reasons.

Extracurricular Activities/Participation

Students must carry a minimum of a 2.0 grade point average (GPA) on a 4.0 scale in each subject without a letter grade of “F” in the previous *grading period* during which the student attended a majority of the time (Progress reports or Trimester reports). If a student fails to meet the *minimum requirement*, he/she and parent will be notified that there will then be a two week grade check following the notification. If the student does not improve, he/she will be placed on academic probation and will be ineligible to participate in any extracurricular activities, (i.e. athletic contests), but may participate in team practices. The two week grade checks will continue until the next progress report. If at any time during the two week grade checks a student fails to meet the minimum requirement, he/she will be ineligible to participate in any extracurricular activity, including practices, until the next grading period. Fees owed to the school

The school is authorized to withhold a pupil's grades, diploma, or transcript when the following conditions exist: The pupil has willfully cut, defaced, or otherwise mutilated or failed to return, upon request, district property in the pupil's possession, or nonpayment of any debts the student has incurred during the school year. When, in the judgment of the administration, the minor and parent/guardian are unable to pay for the damages or to return the property, a program of voluntary work for the minor in lieu of the payment of monetary damage may be provided. Upon completion of the voluntary work program designated by the Principal, the grades, diploma, or transcripts of the pupil shall be released. If a student transfers to a new school or district, his or her records must be transferred to the new school with the request that the new school withhold grades, diplomas, and transcripts until notified that compensation has been made.

Technology Resources Acceptable Use Policies and Parent/Guardian Consent

Use of district technology has become part of everyday instruction at Richfield Elementary School. Chromebooks are a part of every classroom. Richfield also provides a full computer lab for students and staff that runs Windows, MS Office etc. Security measures such as content filters and firewalls etc are taken to protect our staff, students and the district. Misuse of technology may result in student discipline, being banned from using the devices for a period of time and increased consequences for severe misuse.

Technology Acceptable use Policy

Richfield Elementary School District (the 'District') recognizes that access to technology in school gives students greater opportunities to learn, engage, communicate, and develop skills that will prepare them for work, life, and citizenship. We are committed to helping students develop 21st century technology and communication skills.

This Acceptable Use Policy outlines the guidelines and behaviors that users (District staff, students, and visitors) are expected to follow when using school technologies or when using personally-owned devices on the school campus. The District is responsible for investigating possible violations of this policy and enforcing District rules governing the network. All users should keep in mind that the District reserves the right to monitor any information stored or transmitted over the district's networks.

1. **Technologies covered** - The District may provide Internet access, desktop computers, mobile computers or devices, videoconferencing capabilities, online collaboration capabilities, message boards, email, social networking, and more. Users should not expect that web searches, websites accessed, pictures taken, or files stored on district servers would be private.
2. **Local Area Network and Internet account usage** - Accessing the accounts and files of others is prohibited. Users are expected to make no effort to bypass systems and procedures that protect other users' material. Users are to respect the need for security and confidentiality of electronic material. The District will have information stored electronically that is not open to the public and/or limited to certain users. Any attempt to "hack" a network or workstation or upload/deploy a virus will result in District disciplinary action and legal action.
3. **Improper materials use or distribution of software** - All materials obtained through research on the telecommunications networks and then used in academic work are to be properly documented. You will respect the rights of copyright owners in your use of materials found on, disseminated through, or posted to the Internet. Copyright infringement occurs when you inappropriately reproduce a work that is protected by a copyright. Any copyrighted software is not to be installed on a machine without contacting Technical Services about licensing. Copyrighted software already installed on a District machine is not to be taken (burned, copied) from that machine and installed or used elsewhere.
4. **Systems alteration or damage** - Intentionally damaging or interfering with the proper use of District technology hardware, software, operating systems, and communication systems will be considered vandalism and is subject to school discipline and/or appropriate criminal or civil action.
5. **Internet access** - The District provides its users with access to the Internet, including web sites, resources, content, and online tools. Internet filtering is provided in compliance with the Children's Internet Protection Act (CIPA). Web browsing may be monitored and web activity records may be retained indefinitely. Users are expected to respect the web filter as a safety precaution, and should not try to circumvent it when browsing the Web. Filtering technology is not perfect and therefore may in effect both interfere with legitimate educational purposes and allow some objectionable material to be viewed. Users shall not access, post, submit, publish or display harmful or inappropriate matter that is threatening, obscene, disruptive or sexually explicit, or that could be construed as harassment or disparagement of others based on their race/ethnicity, national origin, gender, sexual orientation, age, disability, religion or political beliefs.
6. **Email** - The District may provide users with email accounts for the purpose of school-related communication. Availability and use may be restricted based on school policies. If users are provided with email accounts, they should be used with care. Users should not send personal information; should not attempt to open files or follow links from unknown origin; should use appropriate language; and should only communicate with other people as allowed by the district

policy or the teacher. Students will be required to sign a separate e-mail agreement upon being issued an e-mail address. This is signed by both the student and the parent/guardian. Copies are available in the school office.

7. **Social networking and collaboration** - Recognizing the benefits collaboration brings to education, the District may provide users with access to web sites or tools that allow communication, collaboration, sharing, and messaging among users. Users are expected to communicate with the same appropriate, safe, mindful, courteous conduct online as offline. Students shall not disclose, use, or disseminate personal information about themselves or others when using email, chat rooms, or other forms of direct electronic communication. Students are also cautioned not to disclose such information by other means to individuals through the Internet without the permission of their parents/guardians. Personal identification includes the student's name, address, telephone number, social security number, or other individually identifiable information.
8. **Personally-owned devices** - Students should keep personally-owned devices (including laptops, tablets, smart phones, and cell phones) turned off and turned in to your homeroom teacher, unless instructed by a teacher or staff for educational purposes. Because of security concerns, when personally-owned mobile devices are used on campus, they should not be used over the school network without express permission from Technical Services staff. Students are expected to follow the guidelines set forth in the district's Board Policies regarding technology.
9. **Security** - Users are expected to take reasonable safeguards against the transmission of security threats over the school network. This includes not opening or distributing infected files or programs and not opening files or programs of unknown origin. If you believe a computer or mobile device you are using might be infected with a virus, please alert Technical Services. Do not attempt to remove the virus yourself or download any programs to help remove the virus.
10. **Netiquette** - Users should always use the Internet, network resources, and online sites in a courteous and respectful manner. Users should also recognize that among the valuable content online is unverified, incorrect, or inappropriate content. Users should use trusted sources when conducting research via the Internet. Users should also remember not to post anything online that they wouldn't want parents, teachers, or future colleges or employers to see. Once something is online, it's out there and can sometimes be shared and spread in ways you never intended.
11. **Plagiarism** - Users should not plagiarize (or use as their own, without citing the original creator) content, including words or images, from the Internet. Users should not take credit for things they didn't create themselves, or misrepresent themselves as an author or creator of something found online. Research conducted via the Internet should be appropriately cited, giving credit to the original author.
12. **Personal safety** - Users should never share personal information, including phone number, address, social security number, birthday, or financial information, over the Internet without adult permission. Users should recognize that communicating over the Internet brings anonymity and associated risks, and should carefully safeguard the personal information of themselves and others. Users should never agree to meet someone they meet online in real life without parental permission. If you see a message, comment, image, or anything else online that makes you concerned for your personal safety, bring it to the attention of a teacher or other staff member

immediately.

13. **Cyberbullying** - Harassing, dissing, flaming, denigrating, impersonating, outing, tricking, excluding, and cyber stalking are all examples of cyberbullying. Do not send emails or post comments with the intent of scaring, hurting, or intimidating someone else. Engaging in these behaviors, or any online activities intended to harm (physically or emotionally) another person, will result in disciplinary action and loss of privileges. In some cases, cyberbullying can be a crime.
14. **Limitation of liability** - The District will not be responsible for damage or harm to persons, files, data, or hardware. While the District employs filtering and other safety and security mechanisms, and attempts to ensure their proper function, it makes no guarantees as to their effectiveness. The District will not be responsible, financially or otherwise, for unauthorized transactions conducted over the school network.
15. **Violations of this Acceptable Use Policy** - Violations of this policy may have disciplinary repercussions, including suspension of network, technology, or computer privileges. State and federal laws also apply to certain activities involving telecommunications technologies. The principal or designee shall make all decisions regarding whether or not a student has violated Board policy or the district's Acceptable Use Policy. The decision of the principal or designee shall be final.

Agreement

By using any RESD “technology resource“ the parent/guardian/student agree that the student will comply with the Richfield Elementary School District Technology Acceptable Use Policy, as described above and also agree to hold the District harmless for any damages suffered by the student, including those arising from non-deliveries, misdeliveries, service interruptions, unauthorized use, loss of data, and exposure to potentially harmful or inappropriate material or people arising from or connected to the use of technology resources. Please notify the school in writing if you do not agree with these policies and the school will make appropriate accommodations.

What if there is a Problem at School - Complaints

We realize that mistakes and misunderstandings do occur and it is our desire to correct any errors on our part. Communication is essential. You always have the right to speak with a staff member if necessary. Due to our focus on student achievement, we ask that you contact staff members outside of teaching/instructional time. These direct talks, although sometimes may seem uncomfortable, often provide a greater understanding when handled at the parent/teacher level. The majority of all issues can be worked out at the parent/teacher level. If that conversation leaves the situation unaddressed or unresolved, then a meeting with the administration can be requested. If the situation remains unresolved after a meeting with the administration “Uniform Complaint Procedure” below.

How to Submit a formal Complaint

In accordance with Federal law and U.S. Department of Agriculture, (USDA) civil rights and regulation policies, this institution is prohibited from discriminating on the basis of race, color, natural origin, sex, age, or disability. To file a complaint of discrimination, write USDA, Director, Office of Civil Rights, 1400 Independence Ave., Washington D.C. 20250-9410 or call 800-795-3272 or 202-720-6382 (TTY). USDA is an equal opportunity provider and employer. Any person, organization, or public agency concerned about a violation of state or federal regulation governing a categorical aid program, vocational education, special education, child nutrition, child development programs may submit a written complaint to:

Jeff Scheele Superintendent
Richfield School District
23875 River Rd
Corning, CA 96021

RESD will provide assistance to those who cannot complete a written complaint. Notice is given that confidentiality will be observed to every extent possible and the Richfield School District prohibits retaliation against anyone who files a complaint or anyone who participated in the complaint investigation process. Complainants are further advised that civil law remedies, including, but not limited to, injunctions, restraining orders, or other order, may also be available to them.

Uniform Complaint Board Policy

The Governing Board recognizes that the district has the primary responsibility to ensure compliance with applicable state and federal laws and regulations governing educational programs. However, mediation shall not be offered or used to resolve any complaint involving sexual assault or where there is a reasonable risk that a party to the mediation would feel compelled to participate. The Superintendent/Principal or designee shall ensure that the use of ADR is consistent with state and federal laws and regulations.

The district shall protect all complainants from retaliation. In investigating complaints, the confidentiality of the parties involved shall be protected as required by law. For any complaint alleging retaliation or unlawful discrimination (such as discriminatory harassment, intimidation, or bullying), the Superintendent/Principal or designee shall keep the identity of the complainant, and/or the subject of the complaint if he/she is different from the complainant, confidential when appropriate and as long as the integrity of the complaint process is maintained.

The compliance officer who receives a complaint may assign another compliance officer to investigate and resolve the complaint. The compliance officer shall promptly notify the complainant and respondent, if applicable, if another compliance officer is assigned to the complaint.

In no instance shall a compliance officer be assigned to a complaint in which he/she has a bias or conflict of interest that would prohibit him/her from fairly investigating or resolving the complaint. Any complaint against a compliance officer or that raises a concern about the compliance officer's ability to investigate the complaint fairly and without bias shall be filed with the Superintendent/Principal or designee who shall determine how the complaint will be investigated.

The Superintendent/Principal or designee shall ensure that employees assigned to investigate and resolve complaints receive training and are knowledgeable about the laws and programs at issue in the complaints to which they are assigned. Training provided to such employees shall cover current state and federal laws and regulations governing the program, applicable processes for investigating and resolving complaints, including those alleging unlawful discrimination (such as discriminatory harassment, intimidation, or bullying), applicable standards for reaching decisions on complaints, and

appropriate corrective measures. Assigned employees may have access to legal counsel as determined by the Superintendent/Principal or designee.

(cf. 4331 - Staff Development)

(cf. 9124 - Attorney)

The compliance officer or, if necessary, any appropriate administrator shall determine whether interim measures are necessary during and pending the result of an investigation. If interim measures are determined to be necessary, the compliance officer or the administrator shall consult with the Superintendent/Principal, the Superintendent/Principal's designee, or, if appropriate, the site principal to implement one or more interim measures. The interim measures shall remain in place until the compliance officer determines that they are no longer necessary or until the district issues its final written decision, whichever occurs first.
