

Extracurricular Eligibility

Students are eligible to participate in sports, student council and other school sponsored events as long as their GPA on their most current **report card** is at a minimum of 2.0 with no “F’s”. If this requirement is not fulfilled, the student is ineligible until the next **report card**.

If a student receives a “D” on their report card, they are ineligible for 1 week. 2 “D”s would make the student ineligible for 2 weeks. 3 “D”s would make the student ineligible until the next **report card**.

At **anytime during** a trimester, if a student is receiving an “F”, the student will be monitored every 2 weeks. If the student has not raised the F at the end of any 2 week period to at least a C, they will be ineligible to participate until the next report card.
